Truck factory plates (replacement or additional) only to be ordered from dept TDB

With effect from 1 June 2008, truck factory plates (adhesive-backed factory plates with laser lettering - Part 1,2,3; see below) and ALB plates (plate with settings for automatic, load-dependent brake force control) can only be ordered from department TDB.

Overview of factory plates:

Part	Contents	MAN no.	MAN no. (new from 1 July 2008)
1	acc. to 76/114/EEC	81.97801.2960	81.97871.2034
2	Approval acc. to EEC Directive	81.97801.2960	81.97871.2034

Replacement factory plates, or new factory plates featuring amended figures, can be applied for from department TDB in conjunction with the appropriate manufacturer's confirmation.
It is no longer possible to place orders through the Spare Parts department VACE, nor is it any longer possible to order them directly to accompany individual vehicle deliveries.

Orders can be placed using this form:
"Request for confirmations and factory plates for MAN trucks"
(see Annex doc. A1.1)

Here are the current prices for these factory plates:

Factory plate, German/English (Parts 1+2):	€ 60.-
Additional plate in Arabic	€ 20.-
Additional plate in Chinese	€ 20.-
ALB plate	€ 30.-

The request form and the current price list (doc. page 1.1) can be found on www.manted.de.
